BRUSHED ALUMINIUM PANELS

Self-Adhesive

An extraordinary, unique and original look: **brushed aluminum** stands out for its brilliance in light reflections and for its exclusive and refined style.

In **Metal Design aluminum** images the “brushed” surface adds a surprising special effect to the images: the metallic shimmer in the unprinted areas.

The “**brushed**” **aluminum** is a light material produced with two aluminum sheets joined by black polyethylene with a total thickness of mm3. 7-color direct printing ensures high-resolution printing with rich colors with maximum clarity.

Brushed Aluminium Panels

1 Sheet: H 48 cm x D 3 cm x W 72 cm

Brushed Aluminium Panels
